

Senior Full Stack Developer

Make your mark

Shift is seeking a Senior Full Stack Developer to join our growing Tech Team. In this role, you will be responsible to design, develop and deliver full stack web applications and microservices. This is a great opportunity for a strong expert in Microsoft's cloud-based solutions with a can-do, positive attitude to work and an enthusiasm for learning new technologies.

You will be part of a successful and switched-on team with common values and goals. We are a fast paced, high-growth business and are looking for a motivated self-starter who is technically proficient yet detail-oriented and is comfortable working in a dynamic, high-performing environment. In this role, you will facilitate the continued development of Shift's award-winning applications.

How you will make a difference

- Design, build, deploy and test web applications and microservices
- Maintain quality and ensure responsiveness of applications
- Collaborate with the technical team to design and launch new features.
- Maintain code integrity and organisation
- Experience working with graphic designers and converting design to visual elements.
- Implement software that is secure and protects data
- Perform technical analysis and testing
- Be eager to learn and develop new skills
- Work within an Agile framework
- Proficient in Azure's cloud environment, along with C# .Net, React JS, SQL and Document databases.

Skills that set you apart

- Strong RESTful API knowledge and API best practices
- Strong experience with event-driven microservices and APIs in a distributed architecture, decoupling legacy platform
- Good understanding of building platforms at scale in Cloud, Azure knowledge
- Experience with MS SQL
- Recent experience working in Scrum teams of Agile environment
- Strong experience with DevOps (or GitOps) and CI/CD processes, Kubernetes, Docker
- Passioned about automated testing
- Excellent verbal and written communication skills.
- Project management skills.
- Strong debugging and troubleshooting skills

About Shift

At Shift, we're passionate about disruption, transformation and positive change. Our goal is to *shift* perceptions and expectations of what is possible. We're here to help make business unstoppable. Enablers

by nature, we love to solve problems and innovate. As part of the team, you'll approach new challenges with a clean sheet of paper, reimagine possibilities and deliver results that are 10x better than before.

As one of Australia's fastest-growing technology companies, Shift is changing the way businesses access finance. Enabled by streaming data, we provide credit and payments platforms that help businesses trade, pay and access funds, when they need it.

Winner of the IDC 2020 Digital Disruptor and Omni Experience Innovator awards for Australia and New Zealand, Shift has also been named to the Deloitte Fast50 list four years in a row, the Smart50 awards, the AFR Fast 100 List and voted by LinkedIn as one of the Top 25 Australian Start-ups to work.

Culture Shift

At Shift, we're proud of our rich diversity and culture of inclusion. We have an amazing culture geared towards helping you make the most of your career. We love our fast-paced, energetic environment where no two days are alike. Our values firmly guide the exciting work we do, solving problems and always looking to deliver better outcomes. At Shift you won't find politics or egos: just one team, with shared successes and shared learnings.

The perks

Shift offers competitive remuneration and the opportunity to make your mark in a fast-paced, energetic environment. Centrally located in North Sydney CBD, we're close to transport, restaurants, cafes and shops. You'll enjoy free breakfasts and healthy snacks, and a friendly social atmosphere. There are also plenty of staff-led social events, Leadership series, Lunch & Learns and other initiatives for you to participate and grow. And best of all, on your birthday, you get the day off!
